

BIG BAD MAT

THE BIGGEST, BADDEST, AND ONLY Hardcore MAT

THE BIG BAD DIFFERENCE

- Solid Core VS Hollow Design of The 4" Thick Composite Mats
- Stronger And Superior Resin (UHMWPE VS HDPE)
- True 20 Year Lifespan
- 65 Mats Per Truck Instead of 40
- Compounded Freight Savings After Every Project
- Faster Install and Removal (More Mats Per Machine)
- Pain-In-the-BigFoot Pins Not Necessary
- No More Clean Up Costs From Rotten Wood Mats
- Hedge Against Inflation
- Cost Effective Manufacturing For An Affordable Big Bad Mat

TECHNICAL SPECIFICATIONS
